IN THE HEAT WITH TAYLOR FIRE RESCUE

Taylor Fire Rescue wishes everyone a wonderful, safe, and happy holiday season!

As another year comes to a close, Taylor Fire Rescue would like to take this opportunity to express our sincere gratitude and extend our best holiday wishes to the many emergency response partners we have had the pleasure of working alongside throughout the year. We would like to acknowledge and thank the Fort St. John and Dawson Creek RCMP detachments, BC Ambulance Services in both Fort St. John and Dawson Creek, Fort St. John Fire and Rescue, Charlie Lake Fire Department, the Ministry of Transportation and Infrastructure, Commercial Vehicle Safety and Enforcement, the BC Conservation Officer Service, BC Wildfire Service, the Ministry of Emergency Management and Climate Readiness, and Dawson Road Maintenance. Your cooperation, dedication, and continued collaboration play an important role in keeping our communities safe.

We would also like to recognize our valued industry partners who are members of the Taylor Industrial Mutual Aid Group (TIMAG). Your continued involvement, generosity, and commitment to supporting Taylor Fire Rescue and the surrounding community are greatly appreciated. The strong partnerships established through TIMAG demonstrate the importance of working together to promote public safety and provide mutual support when it matters most. Our appreciation also goes to Taylor's Emergency Support Services (ESS) team for their ongoing dedication and compassion in assisting individuals and families throughout our community and region during challenging and often unexpected circumstances.

Lastly, we would like to extend our thanks to the Mayor, Council, and District of Taylor staff for their continued encouragement, support, and partnership. Your contributions help ensure Taylor Fire Rescue has the support needed to serve and protect our community throughout the year.

From everyone at Taylor Fire Rescue, thank you for your continued support and partnership. We wish you and your families a safe, joyful, and memorable holiday season and all the best in the New Year!

Safety Tips of the Month

Holiday decorating tips from the Office of the Fire Commissioner:

- Keep your tree 1 meter (3ft.) away from heat sources: furnaces, fireplaces, radiators, wood stoves, candles, space heaters, heat vents.
- A short circuit can start a fire, turn off all lights when you go to bed or leave the house.
- Use only non-combustible or flame-resistant decorations.
- If light cords or plugs are damaged, don't use them.

Candle Safety

Candles may be pretty to look at but they are a cause of home fires — and home fire deaths. Remember, a candle is an open flame, which means that it can easily ignite anything that can burn.

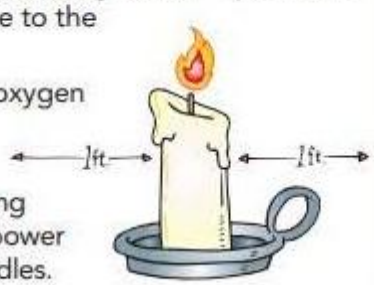
"CANDLE WITH CARE"

- Blow out all candles when you leave the room or go to bed. Avoid the use of candles in the bedroom and other areas where people may fall asleep.
- Keep candles at least 1 foot (30 centimetres) away from anything that can burn.

Think about using flameless candles in your home. They look and smell like real candles.

IF YOU DO BURN CANDLES, make sure that you...

- Use candle holders that are sturdy, and won't tip over easily.
- Put candle holders on a sturdy, uncluttered surface.
- Light candles carefully. Keep your hair and any loose clothing away from the flame.
- Don't burn a candle all the way down — put it out before it gets too close to the holder or container.
- Never use a candle if oxygen is used in the home.
- Have flashlights and battery-powered lighting ready to use during a power outage. Never use candles.



Candles and Kids

Never leave a child alone in a room with a burning candle. Keep matches and lighters up high and out of children's reach, in a locked cabinet.

FACTS

- **December** is the peak month for home candle fires.
- More than **one-third** of home candle fires started in the bedroom.
- **Three of every five** candle fires start when things that can burn are too close to the candle.

Electric Portable Space Heater Safety

When the weather turns cold, it can bring a chill into our homes. Portable space heaters have become a popular way to supplement central heating or heat one room. If you plan to use portable electric space heaters, make sure to follow these tips and recommendations:

HEATER CHECKLIST

- Purchase a heater with the seal of a qualified testing laboratory.
- Keep the heater at least 3 feet (1 metre) away from anything that can burn, including people.
- Choose a heater with a thermostat and overheat protection.
- Place the heater on a solid, flat surface.
- Make sure your heater has an auto shut-off to turn the heater off if it tips over.
- Keep space heaters out of the way of foot traffic. Never block an exit.
- Keep children away from the space heater.
- Plug the heater directly into the wall outlet. Never use an extension cord.
- Space heaters should be turned off and unplugged when you leave the room or go to bed.

Types of electric space heaters

Oil or water-filled radiator
Heated oil or water travels through the heater.

Fan-forced heater
A fan blows warm air over metal coils.

Ceramic heater
Air is warmed over a ceramic heating element.

Infrared heaters
Heat is created by infrared bulbs.

Fact

Two in five deaths in space heater fires involve portable electric space heaters.

Emergency Siren Testing

A reminder that the District of Taylor will be testing their **Emergency Siren at 12:00 noon, December 2nd.** This test will continue monthly on the 1st Wednesday of every month.

Emergency and Public Alerts

Did you know that you can receive alerts affecting Taylor, directly to your cell phone, email, or home phone? All residents of the District of Taylor are encouraged to sign up for **Northeast BC Emergency & Public Alerts,** and it is **FREE!**

Taylor Fire Rescue wishes you a safe and happy holiday season!!

"Our Family Protecting Yours"

A Message from Bylaw

Since winter is upon us, Bylaw would like to remind residents of the new Unsightly Premises and Maintenance Bylaw No. 909,2026 regarding snow removal:

Snow Removal

Bylaw Requirements:

(a) No person shall deposit or in any way cause to be deposited:

i. all snow or ice moved from footpaths or driveways will be placed **on their premise or premises**, and cannot be placed onto highways, municipal property, including boulevards, ditches, utility corridors or rights-of-way. **Except for the boulevard abutting their premise or premises.** Any material which must be removed from their **premise or premises** will be placed in an area approved by the Director of Operations; and

ii. any snow or ice from a sidewalk, premise or premises cannot be placed on any **fire hydrant** or the area adjacent **(1.5 meters in all directions)** to a fire hydrant which in any way blocks or prevents access or restricts visibility of the fire hydrant.

Keep sidewalks clear and fire hydrants accessible!

For more information and to view the entire bylaw, visit our bylaw page at **https://districtoftaylor.com/bylaws**

Dog and Cat Tags

Reminder that during the month of January dog/cat tags are at a discounted rate of $5.00. From January 4th – Jan 29th stop by the District Office to register your dog/cat to receive the discounted rate. After that regular rates will apply. See below the licenses and impound fees.

Dog Licences and Impound Fees

Regulation Bylaw: Responsible Pet Ownership Bylaw No. 871, 2023

Male - neutered	$	27.00
Female - spayed	$	27.00
Kennel licence	$	53.00
Replacement of lost or destroyed tag	$	5.00

Cat Licences and Fees:

New or renewed licence between January 1 to 31	$	5.00
New or renewed licence between February 1 to December 31:		
Male - unneutered	$	40.00
Female - unspayed	$	40.00
Male - neutered	$	27.00
Female - spayed	$	27.00
Kennel licence	$	53.00
Replacement of lost or destroyed tag	$	5.00

Responsible Pet Ownership Reminder

District of Taylor — Responsible Pet Ownership Bylaw No. 871, 2023
Part 6: Owner Responsibility
Responsible pet ownership means keeping your animal safe, under control, and considerate of neighbours and the community. As an owner, you are responsible for your pet's behaviour and care at all times.

Keep Your Pet Under Control

- Do not allow your pet to run at large, bite or attack a person or animal, or damage public or private property.
- Keep your dog or cat leashed in public places, and ensure it wears its tag whenever it leaves your property.
- Keep your current contact information on file with the District so you can be reached if needed.
- If your female dog or cat is in heat, keep it confined on your property or securely leashed with a non-retractable leash no longer than two metres, under the control of a responsible person age 16 or older.

Clean Up after your Pets and Maintain Your Property
Immediately remove your pet's feces from property other than your own.

- Keep the premises where your animal is kept clean, sanitary, and free from offensive odours or unsanitary conditions.
- Do not allow excrement to accumulate on your own property in a way that creates an odour or sanitation concern.

Provide Proper Care

- Provide your pet with adequate food, clean water, shelter, exercise appropriate for its breed, and necessary veterinary care.
- If your pet is kept outdoors, provide shelter large enough for it to stand, turn around, lie down, and sit comfortably, with protection from weather, shade from sun, dry bedding, and daily cleaning.
- Never leave an animal in a vehicle or enclosed space without adequate ventilation to prevent distress, discomfort, or injury from heat or cold.
- Do not tether an animal in a way that allows it to leave your property, injure itself, or remain unattended; tethering is limited to no more than four hours in any 24-hour period.

Thank you for helping keep Taylor a safe, clean, and welcoming community for pets and people.

Have You Paid Your 2026 Utility Bill?

2026 utility bills are due by **December 31, 2026**. If your bill has not been paid in full by this date, all remaining balances will be rolled into your 2027 property taxes.

There are four convenient ways to pay:

- In person – visit the District of Taylor Office located at 10007 100A Street
- By mail – send to PO Box 300, Taylor, BC V0C2K0
- Over the phone, with Mastercard or Visa – call the District of Taylor Office 250-789-3392
- Online bill payment through these major Canadian banks:

BEEM Credit Union
Scotiabank
Bank of Montreal
TD Canada Trust

If you have any questions or concerns about your utility or property tax bills, please contact the District of Taylor office at 250-789-3392.

Public Works Corner

Boulevard/Back Alley Debris Reminder

As winter approaches, the District of Taylor needs to have all boulevards and alley ways cleared of any debris or obstacles placed there by the public. This will enable regular road maintenance to take place safely as the equipment goes by, as well, these areas provide snow storage when plowing.

Vehicles left unattended in the alleys or streets may also impede the Fire and Rescue Department response vehicles.

- Operations Department

ADVERTISE HERE

CALL THE COMMUNITY SERVICES

HUB AT 250-789-2828

Driveway Snow Clearing

As per the Snow Removal and Ice Control Policy, snow is cleared from designated driveways in accordance with the Plowing Schedule priorities and other unscheduled municipal emergencies that may occur. Those desiring to have this free service and meet the criteria, **need to apply annually**.

Who can apply?

If you are 65 years of age or older, or have a condition that makes you unable to perform driveway clearing, and there is no able bodied person living in your residence that can perform the snow clearing duty, you may apply. To apply please come into the District of Taylor Municipal Office at 10007 – 100 A Street along with your ID and fill out an application to take advantage of this free service.

Residential and Commercial Driveways

The District of Taylor utilizes the boulevard areas for snow storage. Placing snow on District owned roads from residential properties will only add to the Districts snow storage area or it may be carried over onto the neighboring yard, adding to their snow storage area. Individual residential driveway snow should be kept on the property that it originated. If this is an issue, the District of Taylor provides residential and commercial properties an area to take excess driveway snow. This snow dump area is located at 10347 – Cherry Avenue East, just past the Golf Course Maintenance Yard. Please obey all of the information posted at this site.

Placing snow on public roadways is a safety concern. Snow piles on roadways are not always clearly seen. They may impede or deviate traffic flow, affect emergency vehicle response and cause potential danger for pedestrians. Public Works strives to provide safe passage for motorists and pedestrians on roads and sidewalks, which can be obstructed when snow from residential driveways is put on District roads.

- Operations Department

Be Part of a Regional Marketing Program

Your investment to be part of this exciting program is only $50. This money stays in your community to support the promotion of the program.

Working in partnership with our Love Taylor Team, together we will create a business profile on the Love Taylor website to showcase your unique business.

Love Taylor BC will promote the program through community events, local publications, website, social media and more.

Community Recipes

Whipped Shortbread Cookies

This whipped shortbread cookies recipe makes light, buttery, melt-in-your-mouth tender cookies. Top them with red and green cherries for an easy, festive treat. Cookies can be stored in an airtight container, with each layer separated by waxed paper.

Submitted by **William Uncle Bill Anatooskin** | Tested by **Allrecipes Test Kitchen**

Prep Time: 20 mins

Cook Time: 20 mins

Additional Time: 5 mins

Total Time: 45 mins

Servings: 36

Yield: 3 dozen cookies

Ingredients

- 1 ¾ cups all-purpose flour
- 1 cup unsalted butter, softened
- ½ cup confectioners' sugar
- 5 red maraschino cherries, quartered, or as needed
- 5 green maraschino cherries, quartered, or as needed

Directions

Step 1

Preheat the oven to 325 degrees F (165 degrees C). Line baking sheets with parchment paper.

Step 2

Beat flour, butter, and confectioners' sugar together in a large bowl with an electric mixer on medium speed until very light and fluffy, 8 to 10 minutes; dough should look pale, soft, and airy.

Step 3

Drop tablespoonfuls of dough 2 inches apart on the prepared baking sheets. Top each cookie with a cherry quarter.

Step 4

Bake in the preheated oven until the bottoms are light golden, 18 to 20 minutes. Cool on the baking sheets for 5 minutes; transfer to a wire rack to cool completely.
